- The application of these concepts to clinical success
- Peri-implant disease
 - Disease classifications & prevalence of peri-implant disease
 - Causes of peri-implant disease
 - Recognition and diagnosis
 - Treatment options (non-surgical vs surgical)
 - Clinical cases
- Supportive implant care & peri-implant maintenance

Meet Your Professional Educator

Dr. Steven Britain was raised in Tyler, Texas and graduated from Texas A&M University with a degree in Biomedical Science. He then obtained his DDS from UTHSC-San Antonio Dental School and practiced general dentistry before returning for his periodontal training, also at UTHSCSA. He is Board certified by the American Board of Periodontology and has maintained a private periodontal & implant practice in Fort Worth, Texas since 2002. He is a member of various dental organizations and has served on the Board of Directors for the Fort Worth District Dental Society, Southwest Society of Periodontists and is currently the President-Elect of the Texas Society of Periodontists. Dr. Britain donates his time and services to local charitable dental organizations, and he is married to Dr. Isabel Britain, a pediatric dentist. They have three children which keep them very busy.

Be sure to reserve time and stay for an enjoyable lunch at the famous **Raven's Grill**. The Texas Star Conference Centre is located on the beautiful **Texas Star Golf Course**. For green fees and reservation information contact **The Texas Star Golf Course** at 817-685-7888.
